

Supplier Registration Form

Registered particulars

Supplier Registration Form. Legal name: Udaya Equipment Maintenance Private Limited. Trading name: Udaya Maintenance. Country: India. CIN: U74999KA2020PTC190005. Incorporation date: 12 September 2020. Issuing registry: Registrar of Companies, India. Registration status: Active.

Registered office: Office 12, Bidadi Service Park, Bengaluru, Karnataka 562109. Business activity: Industrial pump and rotating-equipment maintenance. This form establishes the entity and the office used for statutory correspondence; operational schedules describe separate delivery and service arrangements.

The administrative contact routes procurement clarifications and maintains the submitted originals. A vendor-master entry is separate from reviewer approval. This supplier form makes no statement that the customer's onboarding review has completed.

Supplier Registration Form

Maintenance response levels

Critical breakdown telephone acknowledgement: within 30 minutes of a logged ticket during service hours. Planned preventive maintenance is booked with at least five business days' notice.

The acknowledgement target is not a repair-completion guarantee. Repair scheduling depends on access, diagnosis and spare availability. The originals do not state a guaranteed restoration time.

Supplier Registration Form

Service hours and commercial terms

Service hours: 08:00 to 18:00, Monday to Friday. Standard payment terms: Net 30 days after signed service completion. A diagnostic visit without a signed completion record does not start that payment period.

The supplier services industrial pumps and rotating equipment. Planned work records identify the serviced asset; the customer's reviewer decides onboarding readiness separately.
