

Supplier Registration Form

Registered particulars

Supplier Registration Form. Legal name: Varsha Facilities Services Private Limited. Trading name: Varsha Facilities. Country: India. CIN: U74999KA2020PTC190003. Incorporation date: 12 September 2020. Issuing registry: Registrar of Companies, India. Registration status: Active.

Registered office: Office 23, Hebbal Service Hub, Bengaluru, Karnataka 560024. Business activity: Facilities helpdesk and housekeeping. This form establishes the entity and the office used for statutory correspondence; operational schedules describe separate delivery and service arrangements.

The administrative contact routes procurement clarifications and maintains the submitted originals. A vendor-master entry is separate from reviewer approval. This supplier form makes no statement that the customer's onboarding review has completed.

Supplier Registration Form

Scanned service allocation

Emergency facilities helpdesk service window: 06:00 to 22:00, Monday to Saturday. The Sunday schedule is separately booked by the customer and no standard Sunday hours are stated here.

Non-emergency housekeeping is staffed 09:00 to 17:00 on business days. These housekeeping hours do not define the emergency helpdesk window.

Escalation uses the customer site ticket number. The arrival of a technician is recorded separately from a telephone acknowledgement, so response acknowledgement must not be described as a guaranteed resolution.

Supplier Registration Form

Service levels and invoicing

Priority-one incident acknowledgement: within 45 minutes of a logged ticket during the contracted service window. The 45-minute target is an acknowledgement target, not an onsite-arrival or resolution deadline.

Standard invoice terms: Net 30 days from accepted monthly service sheet. Attendance logs and a signed service sheet support the invoice; they do not extend the helpdesk operating window.
